EDUCATION

Nxtwave Disruptive Technologies

Aug 2023 - Ongoing

Industry Ready Certification in Full-stack Development

North Malabar Institute of Technology - [NMIT], Kanhangad

2014 - 2018

B Tech (Bachelor of Technology)_Mechanical Engineering (ME) (65.0%)

G H S S UDINUR, Kasaragod

2012 - 2014

Intermediate_MBiPC (85.0%)

G H S S UDINUR, Kasaragod

2011 - 2012

Secondary School Of Certificate (80.0%)

SKILLS

Frontend: HTML, CSS, Bootstrap, JavaScript, React.js

Backend: Python, Express, Node.js

Databases: SQLite

Other skills: Flexbox, Git, OOPs, User Interface (UI) Design, WordPress

PROJECTS

Nxt Trendz (ECommerce Clone - Amazon, Flipkart)

github.com/developer1234453/Nxt-Trendz-Authentication

Implemented Nxt Trendz application which is a clone for ECommerce applications like Amazon, Flipkart where users can login and can see list of products with search, filters, sort by, etc..

- Implemented Different pages and routes for Login, Products, Product details using React Router components Route, Switch, Link, props, state, lists, event handlers, form inputs.
- Authenticating and authorizing users by taking username, password and doing login POST HTTP API Call and implementing filters by sending them as query parameters to product api calls.
- Persisted user login state by keeping jwt token in local storage, Sending it in headers of further api calls to authorize the user.

Technologies used: React JS, JS, CSS, Bootstrap, Routing, REST API Calls, Local Storage, JWT Token, Authorization, Authentication

IPL Dashboard (github.com/developer1234453/IPL-Dashboard-)

Built an interactive hub for IPL teams and matches information.

- Navigated seamlessly with React Router, presenting team details and matches with REST API calls.
- Included a custom 404 page for non-existent routes.

Technologies used: React JS, Routing, REST API Calls, CSS, Bootstrap

Todos Application

github.com/developer1234453/ENHANCEMENT-OF-SIMPLE-TODOSuuuuuunewprojectmadeby-meandenhancethefeatures

A comprehensive todo management tool designed to enhance productivity.

- User-friendly interface with HTML, CSS, and Bootstrap for ease of use.
- Effortless task management through JavaScript-based CRUD operations with dynamic UI updates.
- Your tasks are always safe with local storage methods to ensure task persistence.

Technologies used: HTML, CSS, JS, Bootstrap

WORK EXPERIENCE

Nxtwave Disruptive Technologies (Intern)

Sep 2023 - Aug 2024

Hyderabad, Telangana

A MERN Stack Intern is responsible for assisting in the development of web applications using MongoDB, Express.js, React, and Node.js. Their role includes collaborating with senior developers to design and implement front-end and back-end functionalities, creating and managing databases, developing RESTful APIs, and ensuring seamless data flow between the client and server. The intern will write clean, efficient code, debug and troubleshoot application issues, and participate in code reviews. Additionally, they may contribute to the testing and deployment processes, ensuring the application is scalable and optimized for performance. They will also gain hands-on experience with tools like Git, Docker, and cloud platforms while learning industry best practices.

CERTIFICATES

NDT

CERTIFICATION IN NDT FOR WELDING INSPECTION

Industry Ready Certification in Full-stack Development

An Industry Ready Certification in Full-stack Development is a comprehensive program designed to equip individuals with the skills and knowledge required to develop, deploy, and manage full-stack web applications. This certification typically involves intensive training in both front-end and back-end development, along with hands-on projects and assessments to ensure participants are prepared for real-world industry demands.

ACHIEVEMENTS

30 days of coding challenge

The 30 Days of Coding Challenge is aimed at developers of all levels, from beginners to experienced programmers looking to refresh their skills or learn new technologies. Each day, participants are given a new coding task or project to complete, which gradually increases in complexity.
